LUXURY CRAFTED IN VERONA

MILANO TEMPORARY HUB

From one of the oldest furniture production districts in the world based in Verona, **we brought to Milan authentic craftsmanship**, our art heritage and lifestyle. Our prerogative was to create **a new dialogue between product and project**, sensing the **rhythm and dynamism**. Materials selected and used in an original and different way, effects of colours and lights to **make every piece unique**. Our concepts of **Contemporary Living, Dining and Bedrooms** are now made real.

LUXURY IS CRAFTED NOT MADE

Luxury crafted by artisans is the most precious.
Artisans are not all the same.
That's why our craftsmanship is exclusively in Verona.
To thrive on the heritage of Verona's art and lifestyle.
