TECHNICAL INFORMATION

Trattandosi di prodotti caratterizzati da imbottiture morbide e da una lavorazione artigianale, le dimensioni indicate nelle schede tecniche possono subire leggere variazioni, anche in base alle diverse opzioni di rivestimento.

La formazione di pieghe nei cuscini di seduta non è da considerarsi un difetto, bensì una caratteristica dettata da motivi di comfort e di design.

La ditta si riserva il diritto di apportare modifiche tecniche costruttive ai modelli in corso senza essere tenuta a comunicazione alcuna.

As our products are produced following a handwork procedure and are featured by soft lines, sizes are subject to slight variation (also depending on the upholstery selected).

Wave formation and depressions in the seat area are unavoidable, due to comfort and design reasons, even in high quality Swan Italia upholstered furniture.

Our company retains the right to make technical and design modifications to the products in each moment without any advice.

Comme nos produits sont caractérisés par des lignes douces et sont fabriqués suivant une procédure artisanale, les dimensions indiqués dans les fiches techniques peuvent varier légèrement (même en fonction du revêtement choisi).

Pour des raisons à la fois de confort et de design, l'apparition de plis et l'effet de miroitement sont deux phénomènes inévitables, même sur les sièges de très haut de gamme portant la griffe Swan Italia.

La maison se réserve le droit d'apporter des modifications techniques aux modèles sans communication.

Wegen der handwerklichen Fertigung und der soften Linien unserer Produkte, unterliegen die Masseangaben leichten Schwankungen (auch abhängig von dem gewählten Bezug).

Wellenbildung und Sitzspiegel sind aus Komfort- und Designgründen auch bei hochwertigen Swan Italia Polstermöbeln nicht zu vermeiden.

Die Firma behält sich das Recht vor, technische Modelländerungen vorzunehmen.
